

Patio Oven 4.5

The Patio Oven 4.5 can roast the main course with room for a couple loaves of garlic bread. This wood fired oven will have you calling the neighbors over for dinner.

Counter Top Oven

Free-Standing Base

Place your patio oven on the optional free-standing base to extend your outdoor kitchen without taking up valuable counter space.

Rolling Table

The optional stainless steel multi-purpose table offers additional counter and storage space for outdoor food preparation.

Features

Quick and easy

Our Patio Oven 4.5 is designed to heat up quickly so you can use it any night of the week. Simply start the fire and you'll be cooking in about 20 minutes.

Convenient features

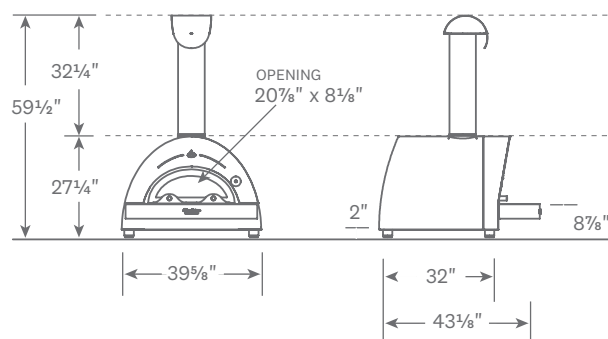

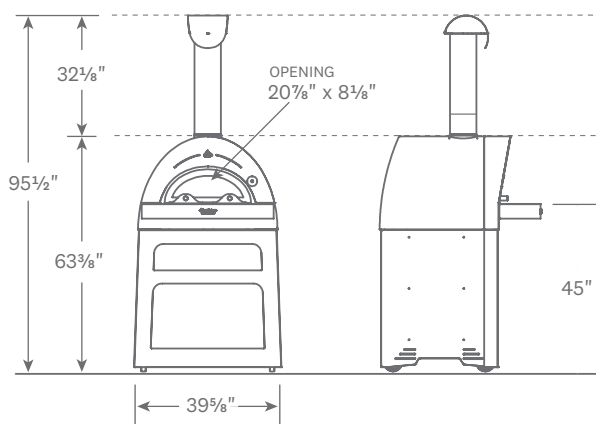

Use the oven door to and the built-in oven thermometer to maintain the perfect temperature for your recipe. The glass window in the door lets you monitor the fire and your meal.

Backyard safe

Our ovens are constructed to keep the heat inside. Even after hours of cooking, the sides of the oven remain at a safe temperature.

Dimensions

Installation

- The oven ships ready to be installed outdoors, including the chimney and cap.
- The oven may be installed in a 3-season porch with the addition of a chimney adapter kit and additional chimney pipe. *
- Counter top ovens may be installed on non-combustible surface using the feet included with the unit.
- Ember protection: A non-combustible floor is required in front of the oven equal to the width of the oven and extending 18" in front of the oven opening. *
- Burn only natural firewood (known as cordwood). This oven is not designed to burn other fuels.

* Always refer to the HearthStone Owner's Manual and the local authority having jurisdiction in your area for the specific installation requirements for your product.

Finish

Accessories

Our full line of accessories provide tools and organization for your outdoor kitchen and offer more culinary options for both your patio oven and fire pit grill. Imagine the possibilities!

Free-Standing Base

Place your patio oven on the optional free-standing base to extend your outdoor kitchen without taking up valuable counter space.

Tool Set

Our tool set gives you the implements you will need for tending the fire, baking and cleaning your oven. Add the optional tool rack to your Patio Oven base to keep everything organized.

Tool Rack

Designed for the Patio Oven with organization in mind, the tool rack attaches to the side of the optional base.

Apron

Keep clean while you cook in our full-length apron. The wrinkle-resistant denim-style fabric blends performance with style.

Rib Rack

For use with the patio ovens. The rib rack allows air to flow around all sides of your ribs to add flavor and cook evenly. Stainless steel construction. Drip pan included.

Smoker Box

Drop some wood chips in and add flavor with out a mess when cooking with gas in the Patio Oven 5.8. Stainless steel construction.

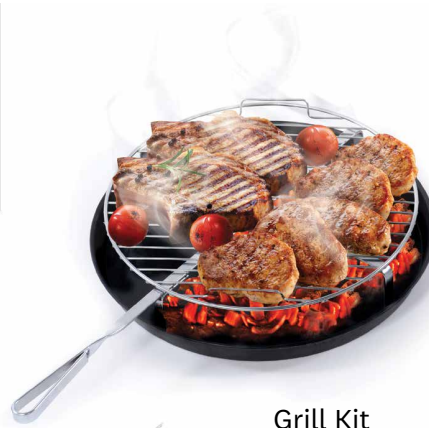

Log Rack

For use in the patio ovens. The log rack allows air to flow under the wood to keep the fire burning. (Comes standard with the Patio Oven 5.8)

Fabric Covers

Breathable fabric covers for each patio oven. The easy-off chimney must be removed to use this cover. Use the cinch cord and buckle straps at each corner to secure the cover in place. The front vent is lined with mesh to allow airflow. Comes in a fabric bag for easy storage.

Grill Kit

Our grill kit turns your oven into a wood fired grill. Place hot coals in the pan and grill on the elevated rack. It's perfect for meats, veggies or any seasonal food. Pan, tongs and rack included.

Infrared Thermometer

Take the guess work out of cooking. The infrared thermometer gives you an accurate temperature of the cooking surfaces or the food you're cooking.

Note: color may vary

Leather Safety Gloves

Durable and dependable, our leather safety gloves are thick and protective, with a soft inner lining. Useful for both the patio ovens and fire pit grills.

Rolling Table

This sturdy multi-purpose table can support any of our counter top patio ovens while offering additional counter space for outdoor food preparation. Convenience features include industrial casters, side handles, tool hooks, a built-in bottle opener, and a removable panel for concealing a gas tank. Stainless steel and powder coat construction matches the patio ovens.
