Features

Zero Clearance Fireplace

Our ZC fireplace is designed to be framed into new construction. It is easier, takes up less space, and is less expensive to install when compared to traditional masonry fireplaces.

Clean burning + efficient

Our ZC wood fireplace exceeds 2020 EPA standards. It burns cleanly and efficiently to keep the heat in your home rather than wasting it up the chimney.

Cast iron design

The cast iron front of the WFP 75 is designed with a hand chiseled texture that offers a uniquely beautiful finish to your fireplace.

Dimensions & Installation

Clearances

- Ceiling from bottom of fireplace: 80"
